Phone number and email: **0385287128 – info@labanalysis.it**

The Data Controller is responsible for the legitimate and correct use of your personal data and can be contacted for any information or requests regarding our Cookie Policy.

COOKIE

What is a Cookies Policy?

When you access a web page or application, a cookie is a file that is downloaded to your PC, tablet, smartphone or other terminal (hereafter the "Device").

Cookies allow to store and retrieve information on browsing habits or on the device from which the user accesses, generally anonymously and, depending on the information they contain, if the user has previously registered, in order to recognize it as a user or customer.

The information refers to the number of browsed pages, to the language, to the location from which you access, to the number of new users, to the frequency and the recurrence of visits, to the duration of the visit, to the browser or device through which you connect.

What type of Cookies are used on this website?

This website is using the so-called "Technical" Cookies for the sole purpose of carrying out the transmission of a communication over an electronic network, or to the extent strictly necessary to the service provider explicitly requested by the User, in order to provide such service.

This type of Cookies is necessary for the proper functioning of some areas of the website and includes:

- **Persistent Cookies**, which are not destroyed immediately after closing the Browser, but remain up to a pre-set expiration date;
- **Session Cookies**, destroyed immediately after closing the Browser.

These cookies avoid the use of other IT techniques that are potentially detrimental to the confidentiality of user navigation and do not allow the acquisition of the user's personal identification data.

Without these cookies, the site or some sections of it may not work properly. Therefore, they are always used, regardless of user preferences.

Third party cookies

These cookies are used in order to collect information on the anonymous use of the website by visitors such as: browsed pages, time spent, origins of the traffic, geographical origin, age, gender and interests for the purpose of marketing campaigns. These cookies are sent from third-party domains unknown to the website.

The website uses the following third-party cookies:

Cookie Name	Description
Google Analytics	<p>Google Analytics is Google's analysis tool that helps websites and app' owners understand how visitors interact with the content they own. This service could use a set of cookies to collect information and generate statistics on the use of websites without providing personal information on individual visitors to Google. The main cookie used by Google Analytics is "_ga".</p> <p>Other than providing website usage statistics, the data collected on Google properties by Google Analytics can also be used, with some of the advertising cookies described above, to show more relevant ads on Google properties (e.g. Google Search) and across the web, as well as measuring the interactions with the shown ads.</p>

The user can freely and at any time set up his privacy parameters in relation to the installation and use of Cookies, directly through his navigation program (browser) by consulting the reference links and by following the relative instructions.

Mozilla Firefox: <https://support.mozilla.org/it/kb/Eliminare%20i%20cookie>

Internet Explorer: <https://support.microsoft.com/it-it/help/17442/windows-internet-explorerdelete-manage-cookies>

GoogleChrome: <https://support.google.com/chrome/answer/95647?hl=it>

Safari: <https://support.apple.com/it-it>

The user can set the so-called "private browsing". Its navigation program stops saving the history of the sites visited, of any passwords entered, of cookies and of other information on the browsed pages.

It should be noted that if the user decides to disable all cookies, the quality and speed of the services offered by this website may drastically deteriorate and the access to certain sections of the website may be lost.
